

NAUTILUS®

SELF-CLOSING ANTI-SLAM GATE HINGE

Bid farewell to the jarring sound of a slamming gate. The Nautilus® employs advanced anti-slam technology for a secure, quiet, and hassle-free gate experience. This hinge automatically brings your gate to a secure close after each use, eliminating the need for manual intervention. With a straightforward installation, you can minimize downtime and enjoy the benefits of advanced gate operation in no time. Enjoy the luxury of hands-free gate operation with self-closing precision.

- Anti-slam technology
- Horizontal and vertical adjustment
- Easy installation
- Easy to adjust closing speeds
