

PATENTED

ORNAMENTAL 2" AND 2.5"

GATE HARDWARE SOLUTION FOR ORNAMENTAL FENCING APPLICATIONS

LEARN MORE

Take the guesswork out of choosing the right latch for your ornamental gate with an all-in-one gate hardware kit from Nationwide Industries®. Stylish and adaptable, our innovative gate kits are a simple way to elevate safety and security to your specifications.

Our Ornamental 2" and 2.5" kits feature our patented, best-selling Keystone® Traverse Gate Latch. Easy to install with self-drilling, stainless steel screws included, there are no holes to drill through your fencepost.

Included with these kits is the Cornerstone® Mini Vertically Adjustable self-closing hinge. Featuring durable glass-filled nylon construction, this tough and cost-effective design is easy to install with the included self-drilling screws.

Kit includes the Cornerstone® Mini Vertically CH090 Adjustable Hinge, Keystone® Traverse 200, 250, and mounting hardware.

CH090

- Easy installation without the need for special equipment
- Lockable on both sides for flexibility and peace of mind
- Stainless steel self-drilling screws so you can work quickly
