# CHAIN LINK POOL KIT

CHAIN LINK GATE HARDWARE SOLUTION FOR POOL GATE SAFETY

LEARN MORE

Take the guesswork out of choosing the right latching system for chain link pool safety applications with an all-in-one gate kit from Nationwide Industries®. Stylish and adaptable, our innovative gate kits are a simple way to elevate safety and security to your specifications.

For chain link gates, there's nothing more convenient than our Zip-Latch® 20" Top-Pull Gravity Latch. Anti-tamper design features, a positive stop, and a one-way swing function meet most municipal pool codes.

Cornerstone®, Nationwide Industries® fully adjustable self-closing hinge, brings next-level customization to the table. Our heavy-duty hinge is rated for gates up to 135 pounds.

Kit includes the Cornerstone® Self-Closing, Fully Adjustable Round Post Hinge and Zip-Latch® 20" Top Pull Gravity Latch.

- Easy installation without the need for special equipment
- Anti-tamper design for security and peace of mind
- Stainless steel self-drilling screws so you can work quickly
