

Dear Valued Customer,

November 2025

I am pleased to announce our Early Buy Program for the 2026 season. This program is designed to give you the advantage of ordering the products you need, securing stock early, and paying in the way that best fits your company's needs.

With our broad product line—including Vinyl, Wood, Ornamental, and Chain Link fence hardware, along with a large offering of Grip-Rite® Fasteners & Tools and Lockey® products—you can easily select any mix of products you desire (full box quantities only).

Please note: Post stiffeners/extrusions do not qualify for this program.

Program Highlights

Flexible Product Mix – Choose from our wide range of qualifying hardware, fasteners, and tools.

Shipping – Free Shipping! Products will ship at Nationwide's discretion; however, we will attempt to accommodate requests for approximate shipping dates during the designated shipping period, given sufficient notice and available inventory.

Eligibility – Accounts must be current at the time of order and shipment, with a credit line sufficient to cover the value of the order.

Order Deadline – Early Buy Orders must be placed by Wednesday, December 31st, 2025.
