

BLUNT T-HINGE
FOR WOOD APPLICATIONS

SCAN FOR MORE
INFORMATION

The Nationwide Industries® Blunt T-Hinge is a compact and practical solution for wood gates where space is limited, but performance still matters. Its squared-off design offers a clean look and a tight fit—ideal for smaller frames or close-clearance installs.

KEY FEATURES:

- Blunt-end design allows for tighter hinge placement in narrow or confined spaces.
- Zinc-plated steel with black powder-coated finish protects against rust and wear.
- Durable construction supports consistent gate function over time.
- Easy installation with standard tools and mounting hardware.
