INFORMATION

Built for simple security, the Nationwide Industries® One-Sided Lockable Flip Latch offers a dependable way to secure wood gates from the inside. With a low-profile design and the option to add a padlock, it's a practical solution for residential gates.

KEY FEATURES:

- One-sided design provides internal locking without external access.
- Padlock feature for added security when needed.
- Easy to operate flip latch mechanism designed for frequent use.
- Zinc-plated steel with black powder-coated finish resists rust and corrosion.
